Reminder to parents – if anyone in your household has travelled abroad in the last 14 days, you should not come to nursery and should quarantine at home for 14 days:

There are some countries where this does not apply, here is the list:

Just in case parents are worried, we have not had any instances yet of a parent returning their child to nursery after travel abroad, this is simply for information for parents.

If you are not sure of anything, please phone nursery to find out.
